## **Introduction offer : Equi-stream video training - Trainer's kit**

This offer is valid for European trainers.

Lividi delivers Equi-stream trainer's kit, consists of the following equipment:

- A PC with Equi-stream software
- A joystick
- A headset

Note that an Equi-stream Trainer's kit can be used to connect to any school which is equipped with an Equi-stream system. An Equi-stream Trainer's kit is not bound to any particular school.

The customer must have access to Internet connectivity with sufficient capacity, and the customer is responsible for the Internet connection being operational. Lividi can provide assistance for selecting a suitable Internet subscription.

Lividi provides the Equi-stream system as a managed service and is responsible for the system being operational. The equipment is owned by Lividi and is rented out to the customer for a monthly fee:

- € 65 per month (ex. VAT) invoiced in advance.

For the use of Lividi servers and software, the customer is invoiced per system usage:

- € 11 per lesson (ex. VAT) invoiced at the end of each month.

Lividi is allowed to publicly refer to the customer as an Equi-stream user, for example on the web-page [www.equi-stream.com](http://www.equi-stream.com)
